

Flow 1 — Generation-2 UNAI Platform (Mistral-centric, cloud-neutral)

Flow 2 — Gen-1 (many specialist agents) vs Gen-2 (one UNAI)

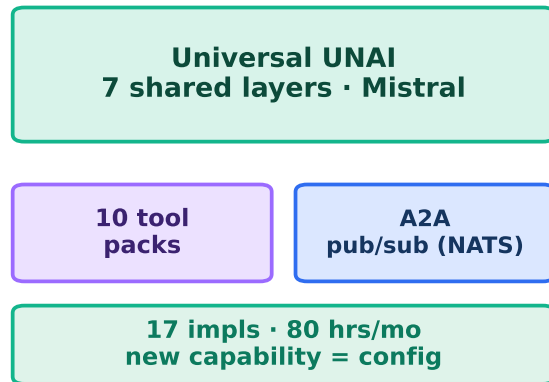

GEN 1 — many specialist agents

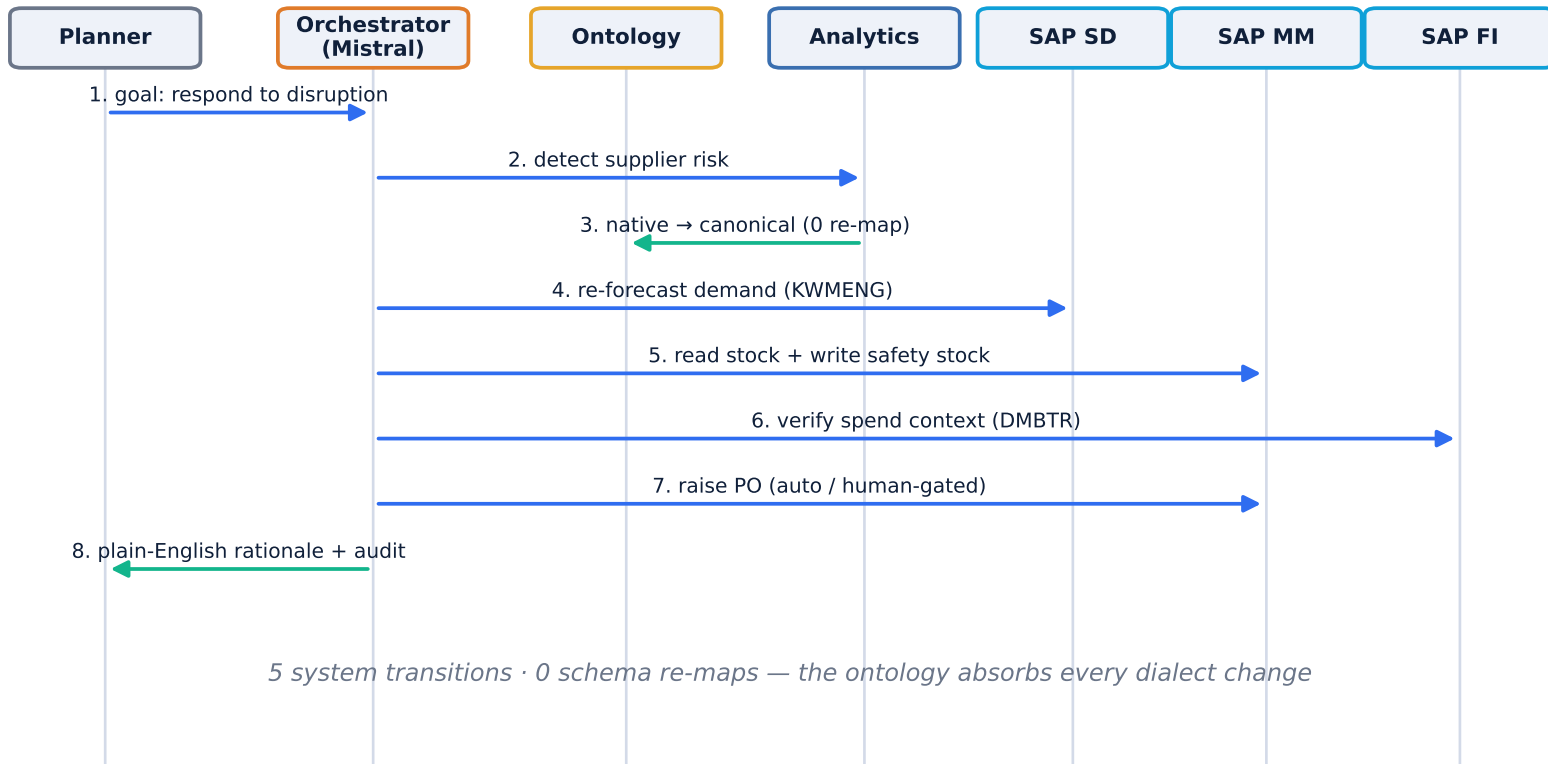

90%
removed

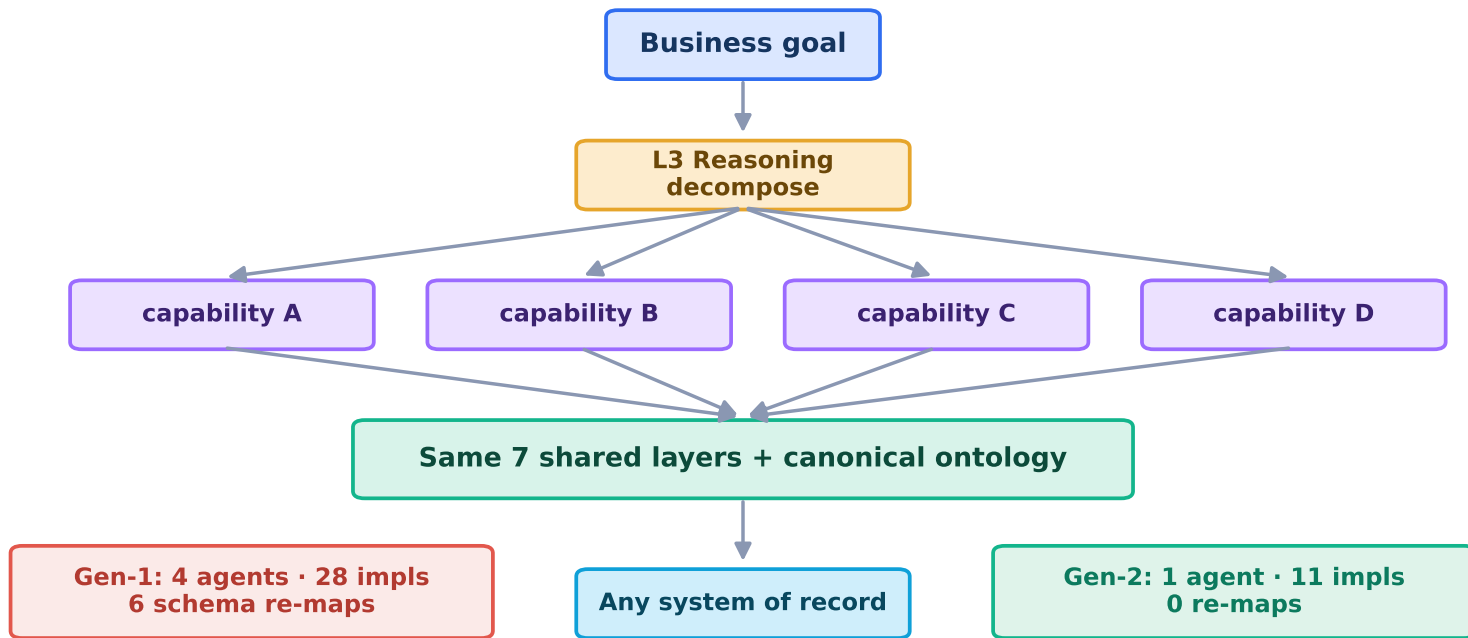

GEN 2 — one UNAI

Flow 3 — Disruption-response execution & context switching

Flow 4 — The substitution principle (the whole thesis in one picture)

Each capability would be a whole 7-layer agent in Gen-1; in Gen-2 they share one substrate.
